

Why work at Aspire?

Aspire Indiana Health takes a patient-focused approach that aims to treat the entire person, not just their symptoms. We embrace innovation, are industry leaders and active builders of the healthcare delivery model we all deserve, not captives of the one we have.

We have been in a major growth phase the past few years, adding new locations and upgrading existing ones. Thanks to the strategic planning and oversight of our board and executives, Aspire boasts the resources to pursue ambitious goals and broaden the net of who we can serve. Aspire has a strong culture of safeguarding the health and wellbeing of its employees — and we have a robust benefits package to help do so. We believe in self-care,

celebrating our differences, valuing ourselves as individuals and teams and the healing power of laughter.

Come Join Our Team!

We are a nonprofit provider of comprehensive healthcare services including primary medical care, behavioral healthcare, addiction services and programs addressing the social determinants of health such as housing and employment.

Throughout its history Aspire has primarily focused on serving

at-risk populations. Today our evolving vision is to provide “Whole Health for Your Whole Family” to Hoosiers from every walk of life in the communities we serve, with health centers in four counties and support programs that span much of the state.

Where can I get care from Aspire?

Choose to see your primary care provider in one of our Central Indiana clinics listed below or through Video in Person (ViP) appointments on your computer or mobile device.

While ViP appointments cannot replace a physical examination, they can often be used for basic medical concerns or as a first step to see if an in-person exam is needed.

Same Day Access (SDA) hours are now available for new behavioral health patients at any of our locations:

LEBANON:
1600 W. Main St.,
Lebanon, IN

NOBLESVILLE:
17840 Cumberland Rd.,
