

TONY IPPOLITI, CCI, PCS, NACE 3

Senior Coatings Consultant **Tank Industry Consultants**

Education

- Bachelors of Science, Philadelphia College of Textiles & Science
- Kent State University: Surface Coatings I, II, III
- Cleveland State University: Metallurgy I
- NACE: Principals of Corrosion, Basics of Cathodic Protection

Certifications

- SSPC Protective Coatings Specialist
- SSPC Certified Concrete Inspector
- SSPC Instructor C1 and C2
- NACE Inspector Level III #3066

Industry Leadership

- AWWA Lifetime Member
- Member, AWWA D102 Coating Steel Water Storage Tanks Revision Task Group, 2017
- Member, AWWA Committee 198 Conventionally Cast-in-Place Concrete
- Past Chair, NACE Cleveland and Rocky Mountain Sections
- Corresponding Member AWWA D115 Tendon-Prestressed Concrete Water Tanks
- Past Affiliate Member American Society of Civil Engineers
- Past Education Director, Painting Contractor's Association
- STI / SPFA Instructor

Years of Tank Experience: 43

As a Lifetime member of the American Water Works Association (AWWA), Tony brings unrivaled experience to this key element in municipal distribution systems. He participates in several AWWA concrete and steel standards-writing committees and is a Contributing Author of the Handbook on Potable Water Tanks and the M42 Water Storage Tanks Manual.

Tony is a 30-year member of NACE International and a Certified Coating Inspector (#3066), a 30-year member of the SSPC and a Certified Protective Coatings Specialist (#201-106-0359), a Certified Concrete Inspector (#35619), and an SSPC C1 Fundamentals of Protective Coatings and C-2 Planning and Specifying Industrial Coating Projects instructor. Tony is a member of the International Concrete Repair Institute (ICRI) and an instructor for the Steel Tank Institute.

After serving in the US Army, Europe, Tony began his career with the world's leading coatings company in 1976 and spent his career in various locations providing project specifications and technical resource assistance to facility owners and professional engineers.

Throughout his career, Tony Ippoliti has protected concrete and steel infrastructure from erosion, corrosion and premature failure in the US, Canada, and Europe.

He is listed in Marquis Who's Who in America in Science and Engineering and Who's Who in the Midwest.
