

Aspire accessibility statement

Updated April 2021

General

Aspire Indiana Health is committed to ensuring digital accessibility for people with disabilities. We are continually improving the user experience for everyone, and applying the relevant accessibility standards.

Conformance Status

The Web Content Accessibility Guidelines (WCAG) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Aspire Indiana's website aspireindiana.org is self-evaluated to be partially conformant with WCAG 2.1 level AAA. Partially conformant means that some parts of the content do not fully conform to the accessibility standard. We make an honest and complete attempt to build with full accessibility in mind, but recognize that we may not get it perfect. If you encounter any barriers using our website, please do not hesitate to reach out to us so we can fix the issue as soon as possible for you. We apologize in advance for your inconvenience and obstacle if you do, and commit to resolving the issue in a speedy and consistent manner.

Feedback:

We welcome your feedback on the accessibility of AspireIndiana.org. Please let us know if you encounter accessibility barriers on our website.

Phone: (317) 587-0500

E-mail: info@aspireindiana.org
